CREATING ENVIRONMEN

We're a multidiscipline design firm. *That means that 130+ design professionals from 6 distinct services call RRM home. We're a highly collaborative group of creative individuals, ranging from Lief who is currently checking out a local playground equipment manufacturer, to Apryl who is intently fine-tuning the CAD model for an updated multifamily project in Santa Barbara. Our service groups frequently interact with each other. On any given day, visitors to our offices will observe our engineers coordinating with architects while landscape architects peer over the shoulders of planners. This close collaboration adds a significant contribution to the overall success of the project.*

CREATING ENVIRONMENTS PEOPLE

If you live in the state of California, there is a solid chance that you're less than a few miles from an RRM project. Parks, fire & police stations, custom residences, affordable senior apartments, specific plans, commercial venues - if you can imagine it, we've probably designed it.

To keep us focused on producing high-quality work, we classify our services within six distinct environments called "market sectors." All of our designs fall within the categories below:

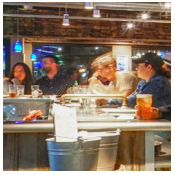
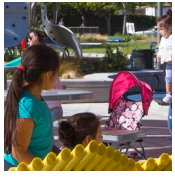
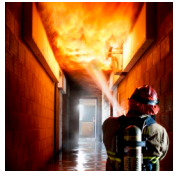
residential



commercial



recreation



civic/institutional

NVIRONMENTS PEOPLE ENJOY

The soul of RRM is people: *both the people that make up our organization AND the people that we're creating environments for. For our clients, our relationship starts and ends with excellent communication. As employee-owners, our staff welcomes diverse ideas and consistent improvement. After all, this company belongs to us!*

MENTS PEOPLE ENJOY

We strive to be a force for good in our communities, leaving things better than we found them. We get enjoyment, not only from our own work, but from seeing the lives of others enriched.

That's why we're Creating Environments People Enjoy, *and we hope to have the chance to work with you in the near future.*
